The phone is answered 24 hours a day (unless we are on another line) --if you don't reach a live person on your first try leave a message with a good contact phone number and someone will get right back with you to get your semen order processed. Make sure you have a voice confirmation for receipt of your semen order if you have left a message via voice mail---thanks!!!

Please make sure to have your Federal Express shipping address ready.

If shipping via the airlines for same day service, please know complete and accurate name of the closest large airport to you.

2011 Shipping Days are Monday, Wednesday, Friday and Saturday *

- Shipments *sent* on Saturday will need to be flown in via the airlines as FedEx does **not** pick up on those days.
- Shipments sent on Friday will need to go to a Federal Express address that has Saturday delivery (if your home address or vet's office does not have Saturday delivery, this can be sent to a business close to you or to a Federal Express airport location—just make sure it has Saturday delivery availability).
