

## Gumz Farms October 2010 - Newsletter

**Once again, Gumz Farms will be showcasing their "Wall of Fame" on Stallion Avenue in Congress Hall.** You won't be able to miss this amazing piece of art which shows 9 life size stallions! We are complementing the wall with amazing art work that we brought back from our trip to the European Championships in Germany. Unfortunately, we won't be showcasing any of our fine stallions, but will have a new video tape of all the stallions on our 72" screen.

**We will also be having great promotions during our Congress stay.** Daily we will be offering sportswear from Gumz Farms and the stallions to the lucky two people that we draw from our list of entries. Please come by the booth and sign up for our monthly newsletter and you will automatically be put into the drawing. Veronica, our Gumz Girl mannequin, will be wearing the winning promotional apparel offered each day. Be sure to stop by and check her out!

**Now for what everyone has been waiting for, the Congress Specials!**

Every stallion will be having a Congress special this year! All stallions will offer a \$250 discount or more on breedings purchased during the Congress. We require the contract and booking fee to be paid, but the balance of the breeding fee is not due until you order semen or your mare departs the farm. Also note that all of the stallions have considerations for multiple mares, repeat breeders as well as producing/performing mares. Be sure to ask about what your mare(s) qualify for and make your breeding dollars count.

**A Warm Welcome to Painted Detail and Lauren Calhoun**

**Smith!** We are excited to add Painted Detail (Greyfuss) to our amazing 2011 stallion line up. Painted Detail is a newcomer to the breeding game but brings amazing qualities that are desired by so many mare owners. He is a stunning 16.2 + hand gray overo that is double registered (AQHA and APHA). He has his permanent AQHA registration papers so he can breed Appendix and TB mares! His video and website are currently under construction but will be on line soon at [www.painteddetail.com](http://www.painteddetail.com). Watch for Grayfuss at the APHA World Show and qualifying AQHA shows in the near future.

**Last call for prospects!** We have a few premier HUS yearlings left for your consideration. All of these yearlings are KYBIP enrolled and ready to become show horses. This great group represents size, movement and trainability. We have currently videos and photos on most. Give us a call. If we don't have the yearling that you are looking for, we have an outstanding crop of 2010 foals coming up as well.

**A sad good bye is given to Hot Diggity Joe and Absolute Asset.** Hot Diggity Joe has been with us since we relocated to the Kentucky farm and he will be sadly missed. Joe's owners are going to close his books and breed only their own mares. However, any rebreeds from the 2010 season will be honored. Absolute Asset will be relocated to Cleburne, TX to stand at Bruce Walquist's. We wish them all the luck in the upcoming breeding season.

**We send our best wishes to Huntin For Chocolate** as he has been entered into the Congress Super Sale. AQHA World Champion and World Champion Sire, Huntin for Chocolate, will be sold at the **Congress Super Sale** on October 16 pursuant to a settlement agreement between the current owner, Pamela Bilek and an undisclosed lien holder. Bilek was unaware there was a lien placed on the horse by former owner Charles Pircher when she purchased the horse from him in 2009. It is common in the Thoroughbred industry to place liens on horses, but in the stock horse industry, it is rather unheard of, and the idea of running a title search on a Quarter Horse is very uncommon.

"This amazing stallion and sire was placed in an unfortunate situation with its prior owner," says Tami Napier, the attorney representing Pamela Bilek.

There will be no reserve placed on this stallion at the sale. According to Napier, "He was retired sound, and he still is sound. He is great minded. Has a 94% conception rate and has been breeding to a full book of mares. He recently sired the 2010 Select World Champion in the Western Pleasure and has sired several world class performance horses." Article courtesy of [www.gohorseshow.com](http://www.gohorseshow.com)

*Designer*  
**FOAL**  
*Program*

We have EMBRYOS FOR SALE  
and COMPLETE PACKAGES  
available for the 2011 SEASON.  
Eggs from some of the most  
accomplished MARES in the  
industry coupled with the  
STALLION of your choice.  
*Inquire for donor list and more information!*

**We will also have information available on our Designer Foal program.** This program is gaining in popularity as it brings genetics from some of the most famous mares in history to the discriminating breeder. We offer eggs as well as complete embryo transfer packages that are tailored to individual needs. Our list of donor mares continues to increase - stop by and ask for details.
