

Where Success Begins

Our sincere condolences to the Glover Family on the passing of Invest N Vital Signs. "MJ" was a farm favorite and a very popular stallion choice for many of the mare owners. He will be sadly missed. We will be offering frozen semen on Invest N Vital Signs or a replacement breeding to VS Code Red to any mare owners that bred in 2010 but do not have a live foal in 2011. Contact the farm office for more information.

Its

Reichert Time! Gumz Farms will be active at the Reichert and NSBA World with a stallion booth on the upper level. Videos and information on all of our 2011 stallions will be available. Be sure to stop by and say hello or pick up some information. We will also have a great group of sale horses at the Reichert. We will be showcasing 6 great prospects - 4 western and 2 hunter under saddle. These yearlings have been gently raised on the "blue grass" and recently prepped for sale. All of these prospects are KyBIP enrolled as well as most major programs and futurities. For our international

buyers, many of these are also eligible for the DQHA. Videos and photos are on line at <http://gumzfarms.com/2009foals/gumz2009foals.html>

The Kentucky Horse Racing Commission passed regulations today that will allow Kentucky racetracks to offer pari-mutual wagering on historic horse races - commonly known as Instant Racing. Governor Beshear and the members of the Commission are to be commended for working so diligently on behalf of our signature racing and breeding industries, and the 100,000 jobs they are responsible for providing.

While Instant Racing will not inject the same amount into purses and breeders incentives that VLT's would, it is nonetheless a significant first step toward leveling the competitive playing field. At Oaklawn Park in Hot Springs, Arkansas, proceeds from Instant Racing have contributed millions of dollars to purses and breeders awards.

The passage of Instant Racing provides much needed good news for Kentucky's equine industry, and could be responsible for generating new revenue for Kentucky purses and breeders incentives. While we will continue working to allow our industry to fairly compete, we are appreciative of the efforts of Governor Beshear and the Racing Commission to provide the industry a boost through the passage of Instant Racing.

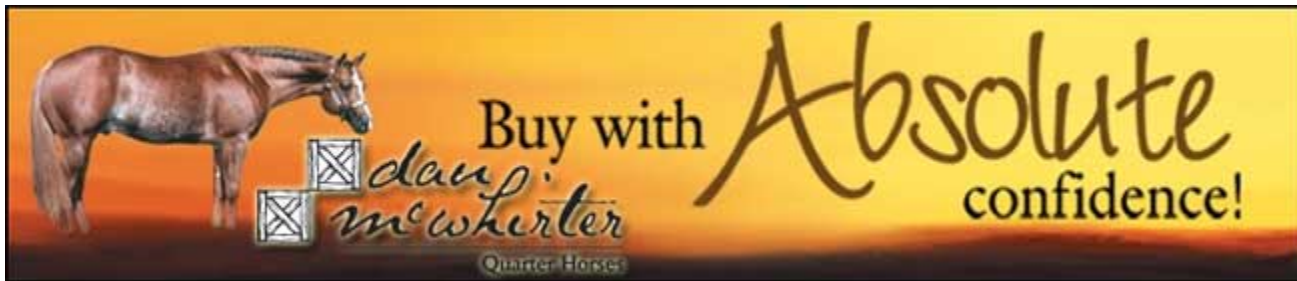

International Breeders!

Our semen is ready to go "Down Under" with a new consignment of frozen semen being available to Australia. We will now offer Absolute Investment, Iron Age, VS Code Red, No Doubt Im Lazy, and Certain Potential to our list of available stallions. The semen is expertly managed by International Horse Breeders in Australia.

You may find out more information on their website at www.ihb.com.au

McWhirter Sale and Absolute Investment

On Saturday, Sept. 18, 2010 Dan McWhirter Quarter Horses will consign Absolute Investment, more than 80 selected broodmares, foals, yearlings and show prospects for their complete dispersal sale. This gives you the chance to join the elite group of customers who have helped make Dan McWhirter Quarter Horses an AQHA Top-5 Breeder.

You can buy with Absolute Confidence 4 p.m. Saturday, September 18 at the Lancaster Event Center in Lincoln, Neb. The sale will be held in conjunction with the Nebraska Silver Classic Futurity.

With the exception of Absolute Investment, every McWhirter consignment will be sold with no reserve. If Absolute Investment does not meet his reserve, he will continue to stand at the Kentucky Division of Gumz Farms.

facebook

FaceBook - Given the huge popularity of the social networking website, Facebook. We will strive to have daily photos and news from Gumz Farms. Taylor Gumz will be updating us with farm news and pictures. Be sure to join our fan club and stay in touch. <http://www.facebook.com/pages/Gumz-Farms/223075278134>

Gumz Farms has a variety of services offered besides their standard breeding services. We are currently sale prepping yearlings for the fall sales. We have one space available for AQHA world Show consignees and three remaining for the congress. With sale deadlines fast approaching, contact us for your fall sale needs. We are also nearing our fall semen freezing quarantine. Starting in September, we will be quarantining stallions for semen freezing for export to the European Communities and Australia, as well as other countries on request. Give us a call to see how we can assist you in this new marketing and Breeding Avenue.
